

At the Faculty of Agriculture of the Rheinische Friedrich-Wilhelms-University of Bonn is a

Substitute Professorship (W3) ,Animal Nutrition‘

to be filled as soon as possible, initially until 30.09.2024 or at the longest until the professorship is filled.

Prerequisite for the substitution is the habilitation or a proven habilitation equivalence in the field of nutrition of farm animals. This includes in particular nutritional physiology, feed ration planning and feed science. In addition, it is desirable that the position holder actively participates in the profile-forming research foci of animal sciences (<http://www.itw.uni-bonn.de>).

The professorship is integrated with 9 SWS in teaching in the Bachelor program in Agricultural Science and in the Master program in Animal Science.

The hiring requirements are in accordance with § 36 of the Higher Education Act of North Rhine-Westphalia (NRW).

The University of Bonn is committed to diversity and equal opportunities. It is certified as a family-friendly university and has a dual career service. Its goal is to increase the portion of women in areas where women are under-represented and to particularly promote their careers. It therefore strongly encourages applications from relevantly qualified women. Applications are handled in accordance with the State Equal Opportunity Act. Applications from suitable persons with proven severe disabilities and persons of equal status are particularly welcome.

For further information on this substitute professorship, please contact Professor Dr. Dr. Helga Sauerwein by e-mail (sauerwein@uni-bonn.de).

Please apply by **July 31, 2023** with the usual documents (letter of motivation, CV, list of publications) exclusively by e-Mail to: sauerwein@uni-bonn.de.
